

POWER ANGLE BROOM

FEATURES:

- Built for skid steers and compact loaders with a universal quick attach
- The Power Angle Broom is designed for heavy-duty sweeping of dirt, snow and debris
- Available in a 68" and 84" width
- Broom is hydraulically adjustable and can be moved 25 degrees in both directions
- Brooms offer an array of wiring harnesses to fit any machine
- The torsion suspension assists the operator in keeping consistent and correct bristle position and down-pressure in uneven areas and reduces excessive bristle wear
- Broom is driven directly by a hydraulic motor
- Broom wafers are 32" in diameter and are a poly steel blend for longer bristle life
- Equipped with a storage stand
- Durable paint finish

Large 32" heavy-duty wafer with densely packed large diameter bristles

Easily assembled bearing for quick bristle changing and service

Torsion Suspension System

SPECIFICATIONS:

Model #	Broom Width	Broom Adjustment	Blade Width @ 25 Degree Angle	32" Diameter Bristle Sections	Hydraulic Flow Required	Approx. Weight
PAB 68	68	Hydraulic	63"	33 zig zag / 2 straight	10 to 20 GPM	715 lbs.
PAB 84	84	Hydraulic	77"	40 zig zag / 2 straight	10 to 20 GPM	775 lbs.

* The above numbers reflect the capacity of the attachment, and may be in excess of the lift capacity of some skid steers. Please see your owners manual for specific lift capacities.
